to make the
City more
sustainable.

10 TARGETS FOR 2030

● TARGET 1

By 2030, the City will reduce greenhouse gas emissions by 50 per cent compared to 1990 levels, and by 70 per cent compared to 1990 levels by 2050.

● TARGET 2

By 2030, the City will have capacity to meet up to 100 per cent of electricity demand by local electricity generation and 10 per cent of water supply by local water capture.

● TARGET 3

By 2030, there will be at least 138,000 dwellings, 48,000 additional dwellings in the City for increased diversity of household types, including a greater share of families.

● TARGET 4

By 2030, 7.5 per cent of all City housing will be social housing, and 7.5 per cent will be affordable housing, delivered by not-for-profit or other providers.

● TARGET 5

By 2030, the City will contain at least 465,000 jobs including 97,000 additional jobs with an increased share in finance, advanced business services, education, creative industries and tourism sectors.

● TARGET 6

By 2030, the use of public transport for travel to work by City Centre workers will increase to 80 per cent and the use of non-private vehicles by City residents for work trips will increase to 80 per cent.

● TARGET 7

By 2030, at least 10 per cent of City trips will be made by bicycle and 50 per cent by pedestrian movement.

● TARGET 8

By 2030, every resident will be within a 10 minute (800m) walk to fresh food markets, childcare, health services and leisure, social, learning and cultural infrastructure.

● TARGET 9

By 2030, every resident in the City of Sydney will be within a three minute walk (250m) of continuous green links that connect to the Harbour Foreshore, Harbour Parklands, Moore or Centennial or Sydney Parks.

● TARGET 10

By 2030, the level of community cohesion and social interaction will have increased based on at least 45 per cent of people believing most people can be trusted.
