

SUPPORT DOCUMENT CONTENTS

This Support Document contains the technical background and comprehensive research and analysis that underpins the Sustainable Sydney 2030 Vision. It was produced in 2008 by the SGS Economics and Planning consortium team, led by the City of Sydney.

CITY VISION 14

Summarises why a new approach is needed, what is proposed, where it will take place and how the vision will be achieved.

Analyses the metropolitan growth context, implications of growth, future uncertainties, and housing and job targets for the City of Sydney.

Overview and Local Government Area	6	Five Big Moves to Transform the City	28
2030 Vision, Green, Global, Connected	8	1 A Revitalised City Centre at the Heart of Global Sydney	30
Vision at a Glance	10	2 An Integrated Inner Sydney Transport Network	34
What the Community Said	14	3 A Liveable Green Network	36
Strengths and Challenges	18	4 Activity Hubs as a Focus for the City's Village Communities	38
City Futures	22	5 Transformative Development and Sustainable Renewal	40
Preferred Future	26		
		Making It Happen	42
		2030 Targets	43
		A Framework for Action: Ideas to Integrate the City	44

CITY STRATEGY 47

Introduces 10 Strategic Directions with objectives and actions, describing assets to be built on, reasons why action is needed and current initiatives.

Includes a Project Idea for each Strategic Direction to identify initiatives which could be investigated by the City of Sydney.

10 Strategic Directions	49	6 Vibrant Local Communities and Economies	180
1 A Globally Competitive and Innovative City	50	7 A Cultural and Creative City	208
2 A Leading Environmental Performer	82	8 Housing for a Diverse Population	234
